

The zombie apocalypse creeps across the world, gutting cities and driving survivors to find refuge beyond areas of previously dense population. This struggle is seen everywhere, but it's not the whole story... Who are these survivors, and why do they fight to survive?

**DEADTIME STORIES** is a story-driven expansion for the award-winning **Zombies!!!** board game. For the first time, players can take on roles, achieve a variety of goals, and gain experience over multiple games. The box also contains variant rules, zombie types for a different flavor every time a new fig hits the table, and new ways to combine sets and even merge **Zombies!!!** with **Humans!!!** and **Martians!!!**

This product contains a softbound scenario book with two full campaigns and several single missions created by fans of the game, along with rules for combining sets and games and tons of extras to make your **Zombies!!!** experience better than ever. Also included are 10 character cards, 24 experience cards, 30 scenario cards, zombie stat reference cards and 12 **Zombies!!!** bingo cards.

**Twilight Creations Presents  
Zombies!!!: Deadtime Stories**
